REPUTATION

Since 1976, John Marshall Construction has demonstrated pride of workmanship, commitment to quality and dedication to customer service. The hands-on approach by John Marshall Construction and their subcontractors has established an outstanding reputation for this Chicagoland design/build company. John Marshall Construction creates a close working relationship with clients to understand their preferences, needs and lifestyles. Ultimate satisfaction and the client's peace of mind are what drives their customer-first philosophy.

DESIGN/BUILD EXPERIENCE

Exquisite touches and meticulous attention to detail fill the homes of their clients with warmth and comfort. To add integrity and beauty to the design/build experience, John Marshall Construction works together with their team of expert craftsmen and subcontractors to use superior products at every stage of the construction process. Quality construction and pride in workmanship are legacies of virtue that have made John Marshall Construction the strong icon that it is today.

SATISFACTION

An innovative design team and state of the art technologies create a living space to reflect their client's personality. With endless possibilities and a wide array of resources, the client feels completely satisfied with every selection. Exquisite touches and timeless details are exhibited throughout the John Marshall Construction technique. They strive to create a pleasurable and smooth process that evolves into exactly what their clients envision.

COMMITMENT

The one-year performance warranty and 15-year structural guarantee support their unparalleled quality and commitment to service. The John Marshall Construction team responds to warranty items in a timely and professional manner. Sharing in the commitment to total customer satisfaction, each component of the design/build process meets or exceeds the client's expectations.
